Hey Dudes and Dudettes, Stoner Bill in the House. Me and Doctor Delay have written our own book about books and we're putting it on the intrawebs. So let's see . . . (He rummages around in his jean pockets for his sticky note.) . . . Okay, Doctor Delay told me to write this down and type in this description: Bibliophiles will revel in the hijinks of part-time book critics and full-time slackers, Stoner Bill and Doctor Delay. Full of fun and a large dollop of misinformation, this dynamic duo has covered the book industry from the safety of Doctor Delay's mother's basement for nigh on 15 years. From the controversy surrounding James Frey's A Million Little Pieces to celebrity cookbooks, they have been fighting the good fight on the frontlines of the literary battlefield. Blahbity-blah-blah-blah. (He crumples up the sticky note.) Man, this sucks as bad as Duran Duran. Here, I'll make it easy for you. If you liked Wayne and Garth on Waynes World, you'll really like Stoner Bill and Doctor Delay on Book Stalkers. Nuff said.
